

Using a roundabout

PEDESTRIANS & BICYCLISTS

Parts of a roundabout

- a** Center Island
- b** Truck Apron
- c** Crosswalk
- d** Raised Median Island

Sample Movements

Bicyclist on the road

Bicyclists on the sidewalk

Pedestrians on the sidewalk

Crossing as a PEDESTRIAN

- ▶ Cross only at designated crosswalks.
- ▶ **NEVER** cross to the center of a roundabout.

- 1** Extend your arm and point to show the motorists that you intend to cross.

Wait at the crosswalk for a safe gap in traffic.

- 2** Cross to the raised median island only when traffic yields or stops and there is a safe gap in traffic.

Keep your arm up, pointing as you cross.

- 3** Wait on the raised median island for a gap in the other direction of traffic.

Remember to point to show traffic you intend to cross.

BICYCLISTS on the road

Experienced bicyclists travel through the roundabout using the same general rules that apply to motorists.

1

On your approach, choose the proper lane for your route.

Always yield to pedestrians in the crosswalks.

Yield to traffic in the roundabout; only enter when there is a safe gap in traffic.

2

Stay in your lane and maintain a good pace.

Don't hug the curb – this way, drivers will see you.

BICYCLISTS on the sidewalk

Dismount at the ramp leading to the sidewalk and walk your bicycle.

Use the sidewalks and crosswalks, following the same rules that apply to pedestrians.
